## TIPS AND TRICKS TO UTILISING ELECTRONIC SCORING LIVE SCORE:

### PRE-GAME:

- Download game and select teams (teams should already be on MyCricket).
- Select 'Next' then 'Continue to match setup'.
- Disable the wagon wheel feature and enable the confirm balls feature.

### IN GAME:

- Select who won toss and the result of the toss, then select 'Score ball-by-ball'.
- End of first innings you will be prompted once team is all out or compulsory close, close first innings, then select 'New innings', then follow the same process as first innings.

### POST-GAME:

- Once match is complete, summary scorecard then appears, select 'End match'
- If not live scoring and have no internet connection, save and exit match.
  - Once back with internet, select match, then 'actions' then 'End match', then 'finalise results'.
  - You will then be prompted to 'submit match'.
- If live scoring, select 'finalise results'. Game results will automatically be uploaded to MyCricket.
