Application Questions

Q1. Why is this project important for your club/organisation? What will this project achieve? What impact will this project have on the local cricket community?

Describe how this project will support participation growth, access, improved experiences for participants and volunteers, and any other benefits the project may deliver

Q2. How will this project increase participation?

Provide examples of how this project will increase participation and the estimated increase eg. number of participants and/or teams

Q3. How are project partners contributing to the project?

List project partners and how they are contributing eg. financial, in-kind, project support etc

Q4. How will your project be delivered?

List construction method, contractors, partnerships with other stakeholders etc

Supporting Documentation

Please attach any documentation relevant to your project. The level documentation that is expected to be included with your application varies between the minor and major funding categories. The minimum documentation expected within each category includes:

Community Cricket Infrastructure Grants - Minor: cost estimate/quote, photos of the existing facility, consent from the local council/land manager

Community Cricket Infrastructure Grants - Major: plans/design documentation, cost estimates/quotes, photos of the existing facility, letters of support, confirmation of funding sources, consent from the local council/land manager

Applications without the required attachments will generally not be considered
