

PARTICIPATION HIGHLIGHTS

2015/16

“ Australian Cricket’s record participation numbers show our game truly is a sport for all Australians. Men, women, boys and girls of all ages, backgrounds and abilities are playing cricket in its various formats. We are determined to increase participation opportunities for girls and women in particular and must continue to offer flexible and engaging formats for every Australian to achieve our vision of being Australia’s favourite sport. ”

James Sutherland –
Cricket Australia,
Chief Executive Officer
