

SCORING INSTRUCTIONS

- 1** Enter Batter's name under designated Batting Pair.
- 2** Enter Bowler's name next to the Over number bowled.
- 3** Mark the runs scored with a number, next to the Batter's name for the relevant ball in each Over.
- 4** Mark any Wickets (Wkts) with a W, next to the Batter's name.
- 5** Wides or No Balls should be represented on the scoresheet by a circle. This circle represents the two runs received for a Wide or No Ball. Mark the circle when the Wide or No Ball is bowled and then enter the number of runs made by the batter within the circle. In some instances this will be a combination of runs made off the original ball and of runs made from the Free Hit. E.g. Joan is the batter on strike when a No Ball is bowled. She manages to hit 2 runs off the No Ball and then hits another 2 off the tee. Her score is represented as $\textcircled{4}$. When tallying the number of runs Joan made, this is counted as 6: 4 runs + a circle (which counts for 2).
- 6** Mark any balls from which there is no score with a dot.
- 7** Make sure all six boxes are filled for each Over.
- 8** Once the Batting Pair has completed their four Overs, tally the Total Wickets (Wkts) and Runs for each Batter. Then combine the two to calculate the "Pair Total" and Team Running Score.
- 9** For Batting Pairs 2-4, ensure you are calculating the Team Running Score by adding the previous Batters' scores to the current Batters' scores.
- 10** Once all Batting Pairs have batted, complete Team Total.
- 11** The loss of a Wicket results in 5 Bonus Runs to the opposition. At the completion of the innings, multiply the total of wickets lost by five and mark this in the Bonus Runs Awarded to Opposition box.
NB. If this team is the first to Bat, leave the Bonus Runs Received from Opposition and Grand Total boxes empty. They will be completed upon the conclusion of the second team's innings.
